GENERAL PERMITS

SAJ-75

TO WHOM IT MAY CONCERN: To simplify and speed evaluation of Department of the Army permit applications, the Jacksonville District, U.S. Army Corps of Engineers promulgates Regional General Permits (general permits) to authorize a variety of minor activities. Each general permit is valid for a five-year period.

BACKGROUND: The general permit listed below is due to expire on December 31, 2002:

SAJ-75 - Fill for residential Lots in Royal Palm Beach Subdivision

At this time, it is not possible to complete the necessary review of the proposed reauthorization of this general permits before its scheduled expiration date. Therefore, to prevent the expiration of these general permits, we are administratively extending the expiration date of the above permits until June 30, 2003, or until the completion of the reauthorization process, whichever occurs first.

If you have any questions concerning this action, you may contact Tori Agramonte at the Stuart Regulatory Field Office by telephone at 561-781-8085.
